

SMARTREPORT: The management software that revolutionizes administrative reporting and optimizes human resource management.

-

Frequently Asked Questions (FAQ):

1. **What is SMARTREPORT?** SMARTREPORT is a management software that revolutionizes administrative reporting and optimizes human resource management, making the process of entering working hours efficient and precise.
2. **Who can use SMARTREPORT?** The software is designed to be used by technical staff and company administration, improving flexibility and productivity.
3. **Is the software compatible with existing management systems?** Yes, SMARTREPORT integrates perfectly with existing management systems, improving efficiency without the need to change existing systems.
4. **Can the system be accessed from mobile devices?** Yes, thanks to the server-client architecture, the platform is accessible from both computers and mobile devices, ensuring total flexibility and accessibility.
5. **How can I customize the software for my company's specific needs?** SMARTREPORT offers a modular and expandable architecture, allowing advanced customizations such as tailored exports, additional data controls, and integrated customer database systems.
6. **What are the benefits for employees?** Employees can record working hours quickly and easily using voice or text messages. This eliminates the need to manually fill out timesheets, reducing the risk of errors and saving valuable time.
7. **How can I get SMARTREPORT for my company?** To get SMARTREPORT, contact us through our website or sales team. We will be happy to provide you with all the necessary information and assist you in implementing the software in your company.
